

## Now Hiring at rise n°3 in the Clear Fork Area of Fort Worth

*"Sleek with an earthy atmosphere solidified by a rock wall and wood, rise n°1 favors the Francophile with a nod to the slow food movement. There are soufflés aplenty, including Escargot and Grand Marnier, a rotating cheese plate, and surprises such as marshmallow soup. But soufflés are where owners Hedda Dowd and Executive Chef Cherif Brahmī stake their claim."* -Dallas Observer
