Items of discussion:
TCA conference in August.
Midland College is opening a Hospitality Degree Program in a few months and will be looking for local chefs to do demos and possible lectures. Could turn into a full time job.

The chapter is looking at doing a few fund raisers at special events.

We had a good turn out and the chapter is slowing starting to become more active, I hope this is a good sign as long as we can keep them involved I think we can do some good in our community.

Again apologies that this is in the improper format.

Next meeting is scheduled on February 1st 3 pm hosted by Executive Chef Joey Neusch at the Petroleum Club located at 501 West Wall street Midland Texas, 79701.

Thanks,

Rudy Underwood
